

# Leader Board

SoCal Ultra Running Series - June 10, 2006

[www.socalultraseries.org](http://www.socalultraseries.org)

## Second Quarter

### From the Board

The race season is proceeding well with several races completed since the last newsletter. The revived PCT 50, the returning Leona Divide 50, Wild Wild West 50k, the Bishop High Sierra 50 and 50k, as well as the Shadow of the Giants 50k all staged successful events. Shadow of the Giants RD Baz Hawley is trying to revive the San Juan Trail 50k in October or November so keep pestering him with inquiries at his email address. Although it is not an ultra he is also trying to get the Saddleback Marathon going again. I mention this because it has always been popular with the ultra crowd.

As of this writing Robert Harris is continuing to dominate both the points and miles category for men and Chrissy Weiss is holding a slim lead over Michelle Barton in the women's category.

Many of us will be going up to either crew or run at Western States this month and I wish you all success. Series member Tracy Moore ran a strong race at the

Massanutten 100 in Virginia to finish seventh in a time of 22:26:06 taking the honors as first Master. On February 4, 2006 Series statistician Fred Pollard captured the 2006 USA 100 Mile Championship for the Men's 65-69 year age group at the Rocky Raccoon 100 held in Huntsville, TX.

Future race dates for 2006 are

Holcomb 33 Mile	6/11
Mt. Disappointment 50k	8/12
Bulldog 50k	8/26
Angeles Crest 100	9/26
San Diego 100	10/21
Santa Barbara 9 Trails 35 Mile	11/25
High Desert 50k	12/3

As always, the Series web site at [www.socalultraseries.org](http://www.socalultraseries.org) offers the most up-to-date information I have about Series races.

See you on the trail,

Scott
